

Delacroix Group - holding company review

Classification: Internal

Author: Group Finance

Date: 3 March

1. Control relationship

Finance revisited the control relationship after the holding company register was reconciled against the corporate filings. Two entries did not agree with the original board minute and the difference is recorded here rather than corrected in place, so that both readings remain visible to the committee.

Delacroix Group reports_to Brightwater Partners.

Delacroix Group parent_organization Brightwater Partners.

Delacroix Group controls Verity Foods.

Delacroix Group controls Kestrel Components.

Delacroix Group controls Lumen Analytics.

2. Collaborations

Three collaborative arrangements were in force during the period. None of them implies control and none of them was expected to.

Delacroix Group collaborates_with Aurelia Holdings.

Delacroix Group collaborates_with Saltmarsh Freight.
